Gymtowne has an Excellent Coaching Staff

We pride ourselves on giving you an excellent gymnastics coaching staff. Every year, we send our coaching team to the USAG Congress in order to fine tune their skills and learn new techniques. Our newly hired coaches go through extensive training within the Gymtowne program before they can teach their own classes. Yearly safety training and CPR courses are also required. Every coach has their own technique, but together, we offer your child the best gymnastics experience available!
